WINE , WIT AND WISDOM WITHOUT WINE SNOBBERY

WELCOME TO WINE SISTERS OF THE VINE™

**FEATURING THE MOST SPECTACULAR VINTAGES THAT COME OUR WAY
FROM TEAM EVENTS TO OUR VLOG SHOW, WE TEACH YOU HOW TO TASTE LIKE A PRO
VIRTUAL WINE TASTINGS BY A WSET (WINE AND SPIRITS EDUCATION TRUST) TRAINER
AND AN EXPERIENCED WINE JUDGE.**

They've led wine tastings at the Paris Airshow, in a Shanghai skyscraper
and from one of the oldest California Zinfandel vineyards in the world.

The Virtual Wine Tasting Sisters have appeared on radio, in magazines and other nationwide media. We've written wine books, operated wine stores and sold wine internationally. We've taught people to taste wine professionally from Shanghai, China to Atlanta, Georgia and many points in between. From private events to corporate affairs, we've done it all for over two decades so you get the insider's story behind the wines.

Today, we are continuing these events - with virtual wine tastings. We've run virtual tastings for our customers in the legal, real estate, medical sectors & more. It's also a unique idea to have for your upcoming conference! Check out our reviews below.

Your group will be led by Kerry and Regina through a discussion of the wines and tastings in the same five panel technical format wine judges use; including pairing techniques of the pro's - for a unique unparalleled virtual tasting and food pairing experience like no other.

Lastly, we aren't promoted by a winery or a sampling company. We won't be signing you up for a wine club or pushing you to purchase anything. Sit back, relax with your colleagues and friends. We'll handle the rest...
